## INDEPENDENT AUDITORS' REPORT

The Board of Directors  
Post Rock Rural Water District No. 1  
Ellsworth, Kansas

We have audited the accompanying balance sheets of Post Rock Rural Water District No. 1, Ellsworth, Kansas, as of December 31, 2010 and 2009, and the related statements of income, retained earnings and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Post Rock Rural Water District No. 1, Ellsworth, Kansas, as of December 31, 2010 and 2009, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 9 to the financial statements, the Company is in default on certain covenants of its loan agreements as of December 31, 2010. These conditions raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

POST ROCK RURAL WATER DISTRICT NO. 1  
ELLSWORTH COUNTY, KANSAS  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2010 and 2009

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. The Post Rock Rural Water District was incorporated March 5, 1979. The District was financed by the sale of benefit units to members. A grant related to Phase I Construction for \$5,018,000 was approved from Farmers Home Administration and \$1,421,000 was received during 1984. A grant for \$350,000 was approved from the E.D.A. in 1982. Grants totaling \$3,485,000 were received during 1985. Grants totaling \$184,000 were received during 1986. A grant of \$2,900,000 was approved from Farmers Home Administration related to Phase II Construction and related costs. Grants totaling \$1,374,000 were received in 1986. Grants in 1987 amounted to \$1,978,608. Grants received in 1996 for additional construction amounted to \$500,000.
- B. The records of Post Rock Rural Water District No. 1 are reported on the accrual basis of accounting. Revenues are recognized in the accounting period when they become both measurable and available to finance expenditures of the fiscal period. Expenditures are recognized whenever any indebtedness is created.
- C. Investments are valued at cost. See Note 3.
- D. Property, plant and equipment is recorded at cost, (including amounts under capital leases). When individual items are sold or disposed of, the related cost and accumulated depreciation is removed and the resulting gain or loss is included in the results of operations. The straight-line method is used in computing depreciation based on the useful lives of the individual assets (including capital leases). Major repairs are capitalized, other maintenance and repair items are expensed as incurred.
- E. Inventory consists primarily of equipment and supplies and are stated at the lower of cost (first-in, first-out) or market.
- F. Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from these estimates.
- G. System start-up costs subjected to amortization include legal fees, bond issue fees, easements, engineering fees, capitalized interest and condemnation fees. System start-up costs are being amortized on a straight-line basis over a forty year period.

Note 2 - CERTIFICATES OF DEPOSIT

Certificates of deposit totaling \$5,000.00 bearing an interest rate of 1.19% and matures annually, with penalties for early withdrawal. Any penalties for early withdrawal would not have a material effect on the financial statements.

Note 3 - INVESTMENTS

Investments consist of stock and deferred prorations in the Ellsworth County Co-op. Investments are carried in the financial statements at cost, which approximates fair value.

Note 4 - ACCOUNTS RECEIVABLE

Accounts receivable is comprised of amounts due from benefit users for additional construction costs specifically related to serving that customer.
